Government Schools Release Key Dates for the Start of the New School Year

School Reopening, New Student Orientation and Exam Result Days

GRAND CAYMAN, CAYMAN ISLANDS – The Department of Education Services, under the Ministry of Education, Youth, Sports, Agriculture and Lands have released a schedule of dates and important activities for the upcoming start of the new school term. These dates mark key activities such as the dates when each school will reopen for regular students, dates when Year 11 and 12 students can collect their final exam results and the orientation days for all new and transfer students. These dates are relevant to all government schools and institutions including the University College of the Cayman Islands, primary and secondary level schools located on all three islands.

Orientation Days are scheduled to provide new students and their parents with essential information for successful integration into the new learning environment. Parents are required to accompany their children to Orientation Day, which is mandatory to attend by any student entering a government school for the very first time.
